

Xerus Firmware Release Notes

Version: Xerus 4.3.11 / Build 52050

Release Status: General Availability (GA)

Date: October 10, 2025

Xerus 4.3.11 Firmware is a GA Release and may include performance and productivity improvements, support for new products and accessories, new features and enhancements, bug fixes, and general fixes for specific model families.

Important Note

Please see the recent **Technical Advisory: Flash/Configuration Corruption on Server Technology PRO3X and PRO4X Rack PDUs**.

What You Need to Know:

- Outlet power remains unaffected — your PDUs will continue to operate normally.
- A fix has been included in firmware version 4.3.11 GA, now available on our Firmware support pages

We strongly recommend updating to release 4.3.11 GA to ensure your configuration settings are retained properly.

Applicability

This firmware release applies to the following product groups and models:

<i>Product Group</i>	<i>Model</i>
Server Technology® Rack PDUs	PRO4X
Legrand® Access Control	SML SmartLock™
Legrand Sensors	DX2 SmartSensors™
Legrand Asset Management	AMS2 Strips

This firmware release does not support Server Technology PRO1, PRO2, Sentry CDU, EMCU, EMTH, or EMWS models.

Upgrade Path

This firmware release is intended for factory shipments and firmware upgrades on the units/models stated in the Applicability table above; if you are unsure of the model number of your unit—it is typically viewable from the GUI's *Device Information* page and is also printed on a label located on the device. (This release may not support some custom-engineered models.)

The release package for this firmware update is available at servertech.com/support/rack-pdu-firmware-downloads.

Due to file system changes in Xerus 4.0.x, the following upgrade paths must be followed, or the Xerus-based device may become inoperable and require manual recovery.

*If the Applicable Device's
Current Firmware Version Is...*

Follow These Upgrade Steps

Xerus 4.0.x, 4.1.x

» 4.2.0 » 4.3.11

Xerus 4.2.x, 4.3.x

» 4.3.11

Note: Do NOT downgrade your new Xerus-based product(s) to any prior Xerus Firmware release. A downgrade to ANY prior firmware release is NOT SUPPORTED.

Release Highlights

Bug Fixes

<i>Issue ID</i>	<i>Description</i>
86833	Fixed critical flash file system errors that lead to configuration corruption
